UNPAID MEAL POLICY

Dear Parent/Guardian:

The Board of Education of Cimarron Public Schools has voted to amend the Child Nutrition Charge Policy. Each student will only be allowed to charge up to \$40.00 at any period of time. When the student's account has reached the limit of charges, that student will be given an alternate meal until payment on the student's account reduces the balance to less than \$40.00. The alternate meal will consist of a sandwich and milk for lunch and cereal for breakfast. Payment of a student's lunch account can be delivered to Trina Walker, Child Nutrition Manager, in the Principal's office. This policy will go into effect on Wednesday, March 22, 2017.

No charges to a student's meal account, regardless of balance, will be allowed after April 25. A meal account can be paid in advance or on a daily basis; however, **no student will be allowed to charge for any reason after April 25 of the current school year.** If a student's meal account is not current, that student will be given an alternate meal. Any questions about the balance of a meal account or pay options can be directed to Trina Walker, Child Nutrition Manager.

Please refer all questions to Trina Walker, Child Nutrition Manager, at 580-796-2204.

Respectfully,

Chuck Anglin
Superintendent
Cimarron Public Schools
