Dear Parents,

This letter is to provide information to you in regards to school closing due to bad weather.

If the announcement is made by radio or TV that buses are running 1 hour late, this means that school will start at its regular time (8:00am) and students who are not on a bus should arrive at school at the normal time. Classes will begin as scheduled. If you are driving your child and the roads are bad, they will not be counted tardy if you bring them late.

If school is closed due to bad weather, the Enid radio stations KNID 107.1, and K101 will have that information. Television channels 4, 5 and 9 are notified immediately and they should have our school closing posted.

Sincerely,

**Chuck Anglin
Superintendent**
